STATEMENT FROM THE CENTRAL MURRAY FOOTBALL NETBALL LEAGUE

The Central Murray Football Netball League (CMFNL) is committed to maintaining a safe, respectful, and inclusive environment for all participants, officials, and supporters across our League.

Recent incidents involving anti-social behaviour, both on and off field, are completely unacceptable and stand in direct opposition to the values of our League.

Let us be clear, this behaviour is not and will not be tolerated.

The League has acted swiftly in addressing these matters and will continue to take immediate and appropriate disciplinary action in line with our rules and regulations.

Any individual/s found to be engaging in anti-social behaviour, whether on or off the field, will be held accountable.

We stand firm in our commitment to upholding the principles of respect, inclusion, and sportsmanship at every level of our game. It is the responsibility of all players, coaches, officials, volunteers, and spectators to contribute to a positive and welcoming environment.

There is no place in our League for any form of anti-social behaviour.

The integrity of our competition and the safety of our community depend on everyone playing their part.

Let's work together to keep our local sports community strong and respectful.

-Ends-
